

Claim Amendments

Applicant has cancelled claims 2 and 7 without prejudice, and has amended claims 1, 3-6, and 8-11. Applicant sets forth below a complete listing of the claims with the corresponding status indicated for each claim.

1. (Currently Amended) A process comprising:
establishing a printer driver preference set at a first client computer for sending a first print job to an output device;
sending the set from the first client computer to a second client computer;
modifying a printer driver preference within the sent set at the second client computer; and
using the set at the second client computer to send a second print job to the output device.
2. (Cancelled).
3. (Currently Amended) The process of Claim 21, wherein modifying is performed automatically.
4. (Currently Amended) The process of Claim 21, wherein modifying is performed through interaction with a client user at the second client computer.
5. (Currently Amended) The process of Claim 21, wherein the output device is a printer.
6. (Currently Amended) A process comprising:
establishing a printer driver preference set at a first computer for sending a first print job to a first output device having a first feature set;
sending the printer driver preference set from the first client computer to a second client computer;
modifying a printer driver preference within the sent set; and
using the printer driver preference set at the second client computer to send

a second print job to a second output device having a second feature set.

7. (Cancelled).

8. (Currently Amended) The process of Claim 76, wherein modifying is performed automatically.

9. (Currently Amended) The process of Claim 76, wherein modifying is performed through interaction with a client user at the second client computer.

C {
10. (Currently Amended) The process of Claim 76, wherein modifying includes keyword matching between the first feature set and the second feature set.

C {
11. (Currently Amended) The process of Claim 76, wherein modifying includes resolution of conflicts between the first feature set and the second feature set.

12. (Previously Presented) The process of Claim 6, wherein the first output device is a printer.

13. (Previously Presented) The process of Claim 6, wherein the second feature set is different from the first feature set.

14-20. (Canceled).
